

# "Who Cares?"

## What to do about abusive family carers: Assessing the risk of violence to older women

Free seminar: 24 October 2012 Coburg Civic Centre

The FUTURE for aged care service delivery is clear.

Aged care services will increasingly be delivered in a domestic setting

Are you confident you can identify family violence, assess risk, make safety plans, and understand which are appropriate legal responses?

Can your agency work effectively to keep older women safe in their own homes?
